

COAE's Objectives

1.0 COAE is registered in Egypt as a limited liability company since 1996; and is recognised by the Egyptian Ministry of Agriculture as a private inspection and certification body for organic products according to EU-Regulations.

2.0 **COAE's objectives are:**

- a. To control and certify operators, who produce; process or sell products according to private or public regulations and are engaged to manage their enterprises or part of them according to such regulations.
- b. To inform the public about private or public regulations regarding organic/biodynamic agriculture and/or Globalgap Regulations
- c. To organize training courses in the field of application of such regulations, guidelines and trademarks
- d. To enable the controlled operators to use, under contract, COAE's Logo or any of the logos received under license, to mark the controlled products or enterprises.
- e. To cooperate with other national or international organization with similar aims.

3.0 **COAE may also:**

- a. Pursue other objectives provided that they do not contradict to the above mentioned objectives.
- b. Acquire shares in other companies with similar objectives provided that such acquisition is in accordance with the applicable laws and executive regulations.
